

At the British Open, 8-10 April, 2011, the British Isles Backgammon Association will be holding a special event to raise funds for the British Red Cross Japan Tsunami Appeal.

It will be an integral part of the Main competition, the winner of which will get to make a donation to the appeal. Entry is voluntary and the fee is set at £10 (100% donated) plus an added donation from Biba.

It is hoped that most, if not all, Main entrants will participate in this extra element and in doing so show their concern for all those affected by the terrible events that have devastated this beautiful country and its people.

The current World Champion and Giant #1, Masayuki 'Mochy' Mochizuki, and Michihito 'Michi' Kageyama, Giant #3, both Biba members, are just a fraction of the Japanese backgammon community that need our help in the mammoth task of rebuilding facing the Japanese people. Your participation would be appreciated.
